

Item No. 803238 - ProClip Left Mount

Compatible with:

Nissan Maxima 2004 - 2006 (US)

Warnings:

Carefully read all instructions and review the images before attaching.

Do not attach anything to the mount until after attaching the mount to the dashboard. Doing so makes it more difficult to attach the mount to the dash. **Please note:** If you screw into the mount it will be considered used and therefore non-refundable.

The ProClip mount and/or holder in the installation pictures may look slightly different from the one you have received. However, the same instructions apply. If you have questions call our customer service at **1-800-296-3212** or **+1-847-388-7171**.

ProClip USA, Inc. may not be held liable for any personal injury or damage to a vehicle or device, resulting from accident or improper use or installation, before, during or after the installation or removal of this mount and/or holder.

1. Press the thin end of the enclosed gap opener into the gap between the air vent frame and the padded part of the dashboard, to widen the gap. Peel off the cover of adhesive tape on the ProClip.

2. Press the angled edge on the right side of the ProClip into the gap below the gap opener. Pull out the gap opener.

3. Place your finger as shown in the picture and press firmly downwards, towards the ledge, so the angled edge on the left side of the ProClip goes into the gap between the air vent frame and the padded dashboard ledge. Press until you see or hear/feel it snaps into place.

4. The ProClip is in place.
