

Item No. 852892 - ProClip Center Mount

Compatible with:

Toyota Highlander 2001 - 2007

NOT for models with integrated Navigation/Information Screen

Warnings:

Carefully read all instructions and review the images before attaching.

Do not attach anything to the mount until after attaching the mount to the dashboard. Doing so makes it more difficult to attach the mount to the dash. **Please note:** If you screw into the mount it will be considered used and therefore non-refundable.

The ProClip mount and/or holder in the installation pictures may look slightly different from the one you have received. However, the same instructions apply. If you have questions call our customer service at **1-800-296-3212** or **+1-847-388-7171**.

ProClip USA, Inc. may not be held liable for any personal injury or damage to a vehicle or device, resulting from accident or improper use or installation, before, during or after the installation or removal of this mount and/or holder.

1. Press the thin end of the enclosed gap opener into the gap between the instrument panel frame and the air vent panel frame to widen the gap.

2. Press the curved edge on the right side of the ProClip into the gap between the air vent panel frame and the climate control panel. Press until you see or hear/feel it snaps into place.

3. Press forward on the left side of the ProClip so the grooved edge goes into the gap between the panel frames below the gap opener. Press until you see or hear/feel it snaps into place. Pull out the gap opener.

4. The ProClip is in place.
