Warnings:

Carefully read all instructions and review the images before attaching.

Do not attach anything to the mount until after attaching the mount to the dashboard. Doing so makes it more difficult to attach the mount to the dash. **Please note:** If you screw into the mount it will be considered used and therefore non-refundable.

The ProClip mount and/or holder in the installation pictures may look slightly different from the one you have received. However, the same instructions apply. If you have questions call our customer service at **1-800-296-3212** or **+1-847-388-7171**.

ProClip USA, Inc. may not be held liable for any personal injury or damage to a vehicle or device, resulting from accident or improper use or installation, before, during or after the installation or removal of this mount and/or holder.

1. Peel off the cover of adhesive tape on the ProClip. 1. Press the thin end of the enclosed gap opener into the gap between the padded dashboard and the air vent panel frame to widen the gap. Peel off the cover of the adhesive tape on the ProClip. Press the angled edge on the upper part of the ProClip into the gap next to the gap opener. Adjust the ProClip so the vertical part on the lower part of the ProClip is positioned over the gap between the climate control and the padded dashboard edge. Pull out the gap opener.

2. Press the thin end of the gap opener into the gap between the climate control and the padded dashboard edge, below the ProClip, to widen the gap.

3. Press firmly forward on the lower part of the ProClip so the grooved edge goes into the gap. Press until you see or hear/feel it snaps into place. Pull out the gap opener.

4. The ProClip is in place.
